There is a product recall involving the following item packed by Windsor Foods:

GFS Item code	Product Description, label/brand and pack size	Case UPC Code
433012	Whitey's (beef) Chili with Beans, 4/5 lb.	40073041483598

The recall includes this item only and is due to certain lots that may contain foreign materials (small pebbles or stones) from an ingredient source.

Only certain production dates are affected by this Class I Recall:
Each 5 pound bag and 20 pound case bears a product number of "48359" as well as code dates of "4918311," "4918318," "4918322," "4918325," "4918329," "4918336," "4918339," "4918346," "4918347," "4918353," "4918357," "4919006," "4919008," or "491913" located on the back of the bag or side of the case. Each bag and case bears the establishment number "Est. 7163" inside the USDA mark of inspection.

These products are not to be consumed or served.

In a separate e-mail later today you will receive an excel file with a list of your potentially affected customers including recent deliveries and going back as far back as mid-December, depending on the DC..

We will need you to document your customer contact confirmations on the spreadsheet and forward your completed from to your Regional AA.

- Please notify your customers immediately to advise them of the recall and to dispose of any inventory of these products with the affected date codes.
- Proper procedures must be followed and we are unable to pick up any of these products for return to our DCs.
- You may issue credits as warranted using the "57 - product recall" code.

When it is available we will e-mail to you the recall letter that you can share with your customers. We will also be mailing this letter to all potentially affected customers.

Thank you for your prompt attention to this matter.
